RE:LETTER OF RECOMMENDATION

Dear Mr.Weiler:

Please accept our sincere appreciation for all of the professional services that You and Your crews have provided to us at our residence at 7800 Shreve Rd Falls Church Va., over the past Six (6) years. We shall miss the seasonal beauty of the property that was created during this time!

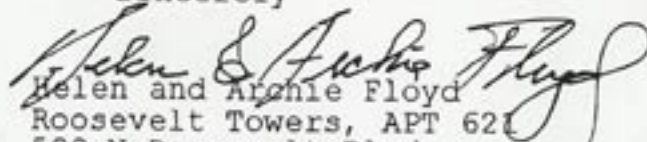

During this time you have designed and your crews have accomplished a number of landscaping projects which have greatly beautified and dramatically changed the overall appearance of the entire property ie, FRONT, SIDE AND BACK YARDS!. At the same time we have had the benefit of annual yard maintenance, consisting of cutting, trimming and leaf removal,

We have also relied on you and your crews to clean the house gutters (Spring and Fall) and to remove the snow from our walks and driveway during the winter months.

During this entire period we have never had even one complaint about any of the services provided, and we shall always remember Your personal interest in the appearance of the property.

Please feel free to use us as a future reference.

Sincerely

  
Helen and Archie Floyd
